NEW STUDENT INFORMATION

Preschool/Kindergarten

Students entering school for the first time must have a physical examination or an appointment slip from their doctor, an updated health card, and a TB clearance before he/she will be allowed to attend school. Students must be fully immunized. A copy of the student's birth certificate is needed for their file.

New Students to the State of Hawaii

The following is required by Hawaii state law: a new student must have a physical examination or an appointment slip from their doctor, an updated health card and a TB clearance, before he/she will be allowed to attend school. A physical exam is acceptable if completed within 12 months previous to starting school in the state of Hawaii. A TB test (Mantoux) and clearance is acceptable if completed within 12 months previous to starting school.

Students Transferring Schools w/in the State of Hawaii

The student's health records may be transferred from their previous school as long as the TB clearance arrives before the student begins school. Parents must sign a Notice of Enrollment form that has been provided by Doris Todd, or you must request a release form from your child's previous school. Doris Todd will not be able to request your child's academic records from their previous school without signed consent.

Grade 7 Student Immunization Record

Hawaii state law requires that students must show evidence of having received the following immunizations prior to 7th grade attendance:

- Hepatitis B – 3 doses
- MMR – 2 doses
- Varicella (Chickenpox) – 1 or 2 doses
- A documented history of chickenpox signed by a U.S. licensed MD, DO, APRN or PA may be substituted for the varicella vaccine.

**Our school nurse can provide you with the proper forms.
See enclosed Health Department brochure.**
